

LAUNDROMAT RULES

- The laundromat in the housing company can be used during the hours decided by the residents´ committee.
- You can only do laundry for your own household.
- Washing carpets in the laundromat machines is absolutely forbidden (the machines get broken because wet carpets are too heavy).
- You can only reserve one turn at a time in the laundromat.
- Reservations for the laundromat are booked in advance using the reservation list in the laundromat. The name of the user and the number of the flat must be clearly written on the list.
- If you want to cancel your reservation, please make the change as soon as possible on the booking list so some other resident has a chance to book it.
- If the person who reserved the time has not started to use it half an hour from the beginning of the turn, next person needing to use the laundromat can use it.
- The laundry must be removed at the end of your turn.
- When the laundry is dry, it must be immediately removed from the drying room, so the next person can use the space.
- Please remember to be especially clean and tidy in the housing company´s washing facilities. **Every user must tidy up the laundromat and clean the machines after their turn.**

By following these joint rules, every resident can ensure that the laundromat stays tidy and that it is pleasant to do laundry there. If the resident does not follow these rules, he or she may lose the right to use the laundromat.
